Financial Subsidies

Discounts are available on some programs at time of registration. Seniors over 65 may receive a 25% discount on adult programs. Patrons that qualify for the Vancouver Park Board's Leisure Access Program may receive a 50% on select programs.

If you are a senior and qualify for the Leisure Access program, any applicable discounts will be calculated based on the regular adult rate and not on the senior or youth rate.

The nature of the activity is such that you may interact with other people who are considered to be in good health, continuous physical distance between other people cannot be guaranteed, and, by participating in the activity, you are at risk of being infected by a pathogen, including but not limited to SARS-COV-2. SARS-COV-2, which causes the disease COVID-19, may exacerbate other health issues and is the cause of an ongoing global pandemic. SARS-COV-2 is highly communicable and dangerous. If you become infected with SARS-COV2, you may transmit it to other people even if you are not exhibiting symptoms of illness.

Proof Of Vaccination

- Effective September 13, people will need to show proof of vaccination to get into certain programs, events, and services at this facility. Exemptions are in place for children and youth programs and activities. Adults 22+ will need to show proof of vaccination. (12+ will need proof of vaccination for fitness centres.) For acceptable proof of vaccination and for all other information, visit: <https://www2.gov.bc.ca/vaccinacard.html>.
- It is recommended that you arrive early for your activity in order to show proof of vaccination if required.

Communicable Disease Health & Safety Practices

- Participants are required to comply with the current Face Coverings Order of the Provincial Health Officer. For more information, please cut and paste into your web browser: <https://www2.gov.bc.ca/gov/content/covid-19/info/restrictions>
- Participants should assess themselves daily for symptoms of common cold, influenza, COVID-19, or other infectious respiratory disease before attending a program.
- Participants who are ill, including participants of essential service providers, should not attend a program or access the Community Centre. If you are unsure, you should self-isolate and contact 8-1-1 or the local public health unit.
- Registration and payment is required for most programs to help reduce the capacity to allow for physical distancing. Limited drop-ins may be permitted, depending on the facility.
- All participants are encouraged to practice proper hand hygiene and respiratory etiquette by covering coughs or sneezes.

Artist in Residence - The Art & Fungi Project

Join the Art & Fungi Project, a living laboratory where everyone is invited to participate in fun activities and create artwork inspired by fungi and their many ecological roles that help to shape and connect our world.

This project is led by Willoughby Arevalo, a mycologist, visual artist, and kitchen wizard, and Isabelle Kirouac, an interdisciplinary choreographer and movement educator. We will use our senses to connect with each other and with nature; walking, cooking, moving, drawing, writing, talking, mapping, gardening, playing, and much more. The land informs our bodies, and our bodies inform the land. We strive to emulate the fungi, whose mycelia create vast underground networks that interconnect beings across ecosystems to facilitate communication and exchange.

Through creating art that emerges from our encounters with fungal life, we strive to be active participants in our ecosystem, learning, listening, and responding to it. *Keep up to date on their activities here: <https://artandfungi.org/>*
